How do I book Domestic Travel on TRAVEL HUB?

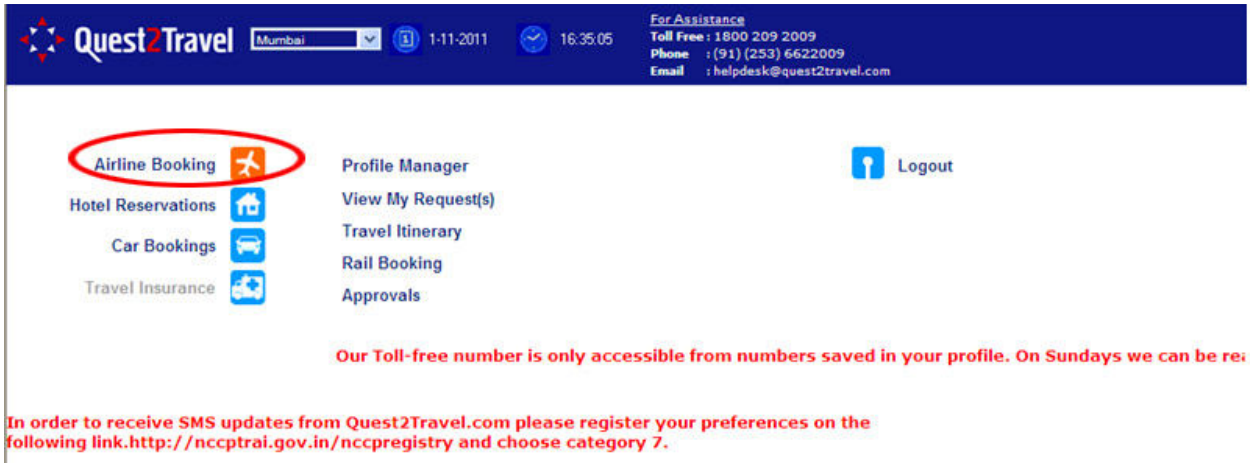

1. Log on to TIMESCAPE and under Essentials click on **Travel Hub.** On the left navigation you will find the Domestic Travel link.

2. This link will open in a new pop-up window. ***(In case you have pop-up blockers on your browser, hold the "Control" key down while clicking on the Domestic Travel)*** The Quest2Travel window will open up.

1. TRAVEL APPROVAL:

Click on Airline Booking or Rail booking as required. In this instance we are going for Airline Booking.

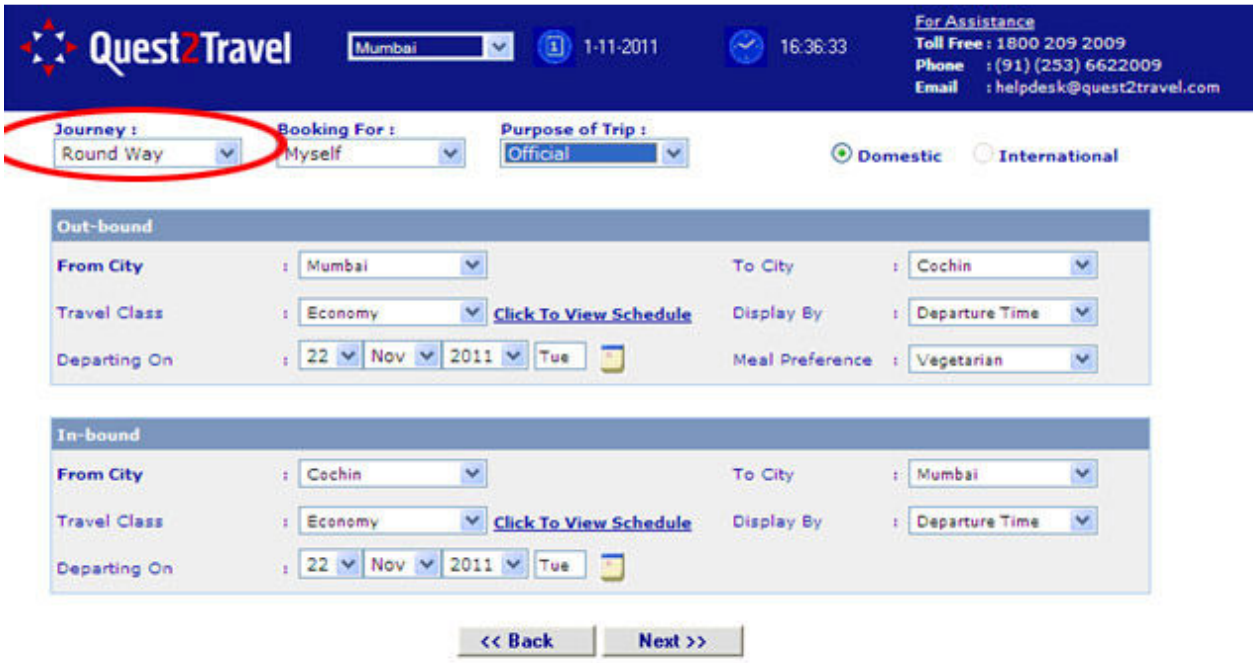

3. Key in or select the relevant options. Either a one - way trip or a roundabout journey.
You can book for

a. **yourself** - official or personal
b. **a business group** - official
c. **family member**- personal

When you choose '**personal**' as the purpose of the trip, the sytem does not wait for any approval but takes you directly to book the tickets. And then leads you to the Payment Gateway as well. It will ask all the relavant details in case of a friend or family member.

In case of a **Business Group** it will populate all the names of the Times Group employees. Ideally the Business Group members should be from one department so that there is a common Approver.

4. Confirm your details and go to Next.
